EDUCATION

University of Lagos Yaba, Lagos
B.Sc Mechanical Engineering *GPA: 3.95* Sep 2018 - Present

University of Lagos Yaba, Lagos
Relevant Coursework Numerical Methods in Mechanics, Physics, and Software Engineering

EXPERIENCE

EntryLevel.ai
Full-Stack Developer (ML/DS) Dec 2021 - April 2022

- Back-end Software Engineering, CI/CD, Model Development, Optimization, Analysis and Deployment

Andela Lagos
Cloud Engineer, Mentor Nov 2020 - Dec 2021

- Training students, Setting Up Cloud Resources using Google Cloud Platform(GCP)

FMN Plc Lagos
Process Engineer Mar 2020 - Sep 2020

- Procurements, Costing and Estimation, Project Management

ACTIVITIES AND LEADERSHIP

TechLabs:	Full-Stack Software Developments
Data Science Network:	Data Science Competitions, Machine Learning and Deep Learning
Robotics Design and Simulation:	Teaching Students programming, LEGO-Mindstorm Robotics

PROJECTS

Computer Vision Model *Python, Tensorflow, Pytorch, Matplotlib* https://github.com/ehizojie1
Computer Vision Model based on the famous OpenCV Library

Process Management *SCADA, AutoCAD, MS Visio*
Process Flow Design, Management and Tendering

SKILLS AND CERTIFICATIONS

MITx Statistics and Data Science MicroMasters Edx, MITx
Hands-on application of data science across disciplines, applying data science to complex, real-world problems

MATLAB Programming Coursera
Engineering Simulations using MATLAB Simulink

Python Programming Language Professional Jovian.ai
Expert level use of python programming language Dec 2020

C++ Programming, Java Programming Coursera
Programming backend services

Google Tensorflow, Pytorch, NVIDIA CUDA Google, Coursera
Advanced Mathematical Computations and Machine Learning

IBM Machine Learning Professional IBM
Expert level use of machine learning libraries Sep 2020

Associate Google Cloud Engineer Google
Successful completion of the Associate Google Cloud Engineer Examination Jan 2021

Microsoft Azure Administrator Microsoft
Administrating cloud resources using Microsoft Azure Feb 2021

AWS System Administrator Udacity
Git Versioning, Administrating Cloud resources, Sagemaker, EC2, Spark, Elasticsearch, Kubernetes and Docker

AWS Machine Learning Engineer Nanodegree Udacity, AWS
Delivering a polished, end-to-end solution report of a real-world problem Dec 2022
